Areas of Expertise

In my role as Market President I oversee the Greenville and Spartanburg offices, spearheading expansion strategies for the company's sales and leasing endeavors and collaborating with property and project management service teams to ensure success across the Upstate region.

With a strong commercial real estate background that includes brokerage, marketing and team leadership roles, I bring valuable insight and perspective to the role of Market President. My tenure on one of Greenville's most successful office brokerage teams resulted in more than \$500 million in sales and leasing transaction volume, contributing to the growth of Greenville's commercial real estate market for more than 11 years.

My responsibilities include the prioritization of leadership by example and an unwavering dedication to Colliers' clients to ensure a seamless and coordinated strategy for success across the Upstate.
