Kevin Pogue

Area of Expertise

With a decade of commercial brokerage experience and a lifetime in Spartanburg, I bring a wealth of knowledge to my community and beyond with Colliers. My focus spans multiple sectors of the market, to include but not limited to, land, industrial and investment properties.

I also assist clients with landlord and tenant representation assignments.

The root of my work is built upon strong relationships and a strong local knowledge of the market. I enjoy being a part of a team and helping my fellow team members win.

The most rewarding aspect of my role is helping buyers and sellers fulfill their real estate needs. By navigating the purchase/sale process or landlord/tenant lease with them, my clients trust in me and get to appreciate the sense that these processes don't have to be overwhelming.

Professional Accomplishments

My drive, dedication and work ethic, comes from my time as a United States Marine. This time in service has given me a specific set of skills in teamwork, accountability, leadership, problem solving and being mission focused. To date, I have taken part in a lot of the expansion projects in and around Spartanburg, beginning with the historic downtown corridor to the now industrialized markets around Spartanburg County.

Business and educational background

I am a graduate of Wofford College where I earned a Bachelor of Science degree in Business Economics.

I have worked as a commercial real estate broker for over a decade in the Upstate region of South Carolina.

Community Involvement

I am an advocate of community-based programs in Spartanburg and participate in regular sponsorship and fundraising events throughout the community. In my spare time, I enjoy spending time with my wife and two children. My favorite passion, or maybe frustration, is saltwater fishing and chasing tarpon on the fly.
