Management

### Area of Expertise

I began my association with Colliers in 2014 and bring more than 28 years of property management expertise to my assignments. I believe that with my strong credentials and my results-oriented management style, I can ensure that properties receive the best maintenance and care at the right cost. I am services-driven and have earned complements and business referrals from tenants and owners due to my commitment to excellence and ability to deliver high-quality management.

I enjoy solving problems for tenants and owners while building relationships with them throughout the process. I am a people person and use communication and follow-up to efficiently deliver solutions for my clients' needs. I bring a unique perspective to property management, as I have worked with all property types and experienced a variety of commercial real estate situations, where I leverage my expertise to solve problems.

### Professional Accomplishments

Prior to joining Colliers, I served for over 4 years as a property manager for a portfolio of 1.3 million square feet of office, retail, and industrial properties.

### Business and educational background

I am a graduate of Stetson University and hold a bachelor's degree in Business Administration with a major in Marketing. I am a member of the Institute of Real Estate Management (IREM) and hold the Certified Property Management (CPM) designation, as well as a South Carolina Broker license.

### Community Involvement

In my free time, I enjoy hiking, gardening and beach getaways with my family as often as possible. The rest of my time revolves around my home life and my wonderful grandchildren. I am involved in the Institute of Real Estate Management (IREM) as well as the Greenville Cancer Society's fundraising and auction efforts. I am also a former member of Commercial Real Estate Women (CREW) and of Building Owners and Managers Association (BOMA) at both the state and national levels.
