About the Park

A MULTIMODAL INDUSTRIAL PARK | POWERED BY COLUMBIA METROPOLITAN AIRPORT

Columbia Metropolitan Airport (CAE) and Magnus Development Partners have partnered to develop 803 Industrial Park, a new speculative development adjacent to the CAE Airport in Columbia, SC. The park can accommodate nearly one million square feet across four buildings for a wide range of users.

"803 Industrial Park is the Columbia market's most versatile industrial development. We are excited about our flourishing partnership with CAE and look forward to the economic impact this development will bring to the central South Carolina region, resulting in new businesses and job creation."

Kevin Werner
Magnus Development

Why 803?

Up to ±1M SF available

Near FedEx &
UPS hubs

Location outperforms
competing sites

DEVELOPMENT TEAM

A Multimodal Hub

PLANES, TRAINS, TRUCKS + SHIPS

803 Industrial Park is unique from competing properties in its multimodal capabilities; the park is adjacent to CAE Airport, the UPS regional air hub, the UPS ground hub, FedEx Freight and a Norfolk Southern transload rail terminal. Additionally, the site is 1 mile from I-26 with easy access to surrounding markets via I-77, I-20 and I-95 and within two hours of the Port of Charleston.

"There is truly nothing like this development available in the market. The benefits this site will bring to a user are unique in its many transportation and logistics capabilities."

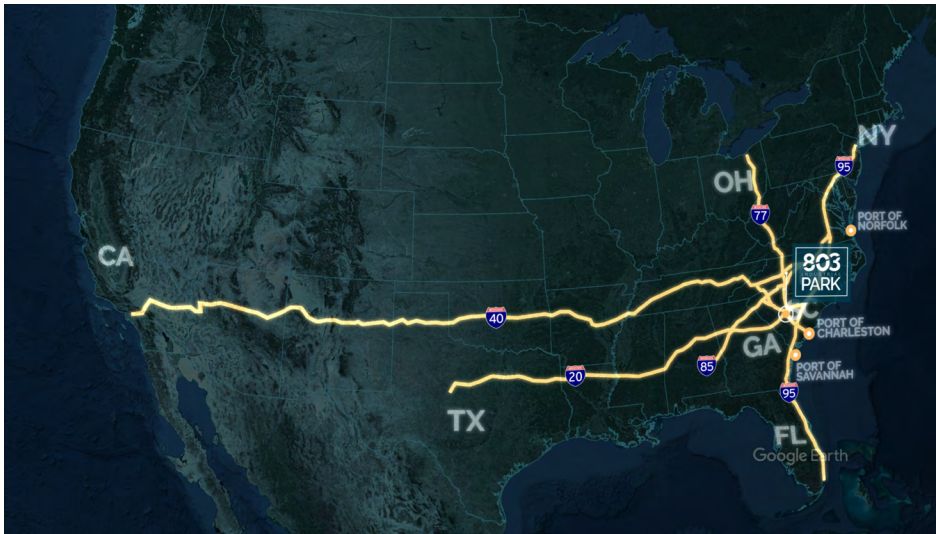

Chuck Salley, SIOR
Colliers | South Carolina

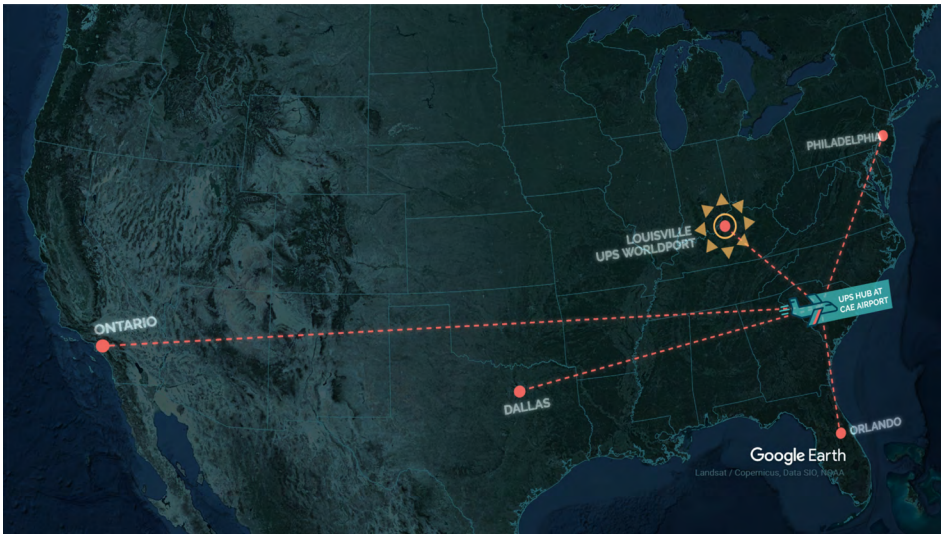

Connected to every major market and port on the East and Gulf Coasts via rail service.

Located 115 miles from the Port of Charleston, the deepest port on the U.S. East Coast. The Port of Charleston is currently investing \$2.8 billion in improvements and directly serves over 100 foreign ports.

66% of the U.S. population is within a day's drive.

Located next to a UPS regional air hub, which connects to Louisville, a UPS Worldport.

In addition, Columbia Metropolitan Airport offers nonstop travel to 8 cities or just one stop to over 400 cities. Over 40 businesses operate on the airport's campus and create a combined total of over 1,871 full time jobs with a direct payroll of nearly \$80 million. Local support of CAE helps the airport continue to put more dollars back into the local economy and it allows the airport to compete for bigger planes, new air service and better fares.

Gateway One

252,720 SQUARE FEET TOTAL | 196,560 SQUARE FEET REMAINING FOR LEASE

Gateway One features a 190-foot deep truck court allowing for 72 trailer drop spaces, 13 dock-high doors (expandable), 1 drive-in door, 50-foot by 54-foot bays, 32-foot clear heights, ESFR fire protection and LED lighting. The building is subdividable for users needing as little as 56,160 square feet of space.

Gateway One

Base Building Specifications

BASE BUILDING SHELL

Building size	252,720 SF
Available SF	196,560 SF
Subdividable	56,160 SF
Building dimensions	260'x 972'
Construction	Tilt concrete panel
Clear height	32' clear height
Typical bay spacing	54' x 50'
Dock (speed bay) spacing	60' deep
Car parking	208 parking spots

TRUCK COURT

Truck loading dock	190' deep truck court
Truck court	20' concrete dolly pad
Trailer drops	Up to 72 trailer drops
Dock doors	Thirteen (13) 9' x 10' dock-high doors (expandable, one (1) per bay)
Drive-in door	One (1) (12' x 14') drive-in door (additional available upon tenant request)

EQUIPMENT

7' x 8' 30,000 lb. edge of dock levelers at all dock doors

FLOORS

6" non-reinforced sealed concrete
Rack loading up to 6,000 lb. Point loading on 3" x 4" base plate
Sealed with penetrating hardener
Epoxy joint filler

WALLS

Tilt-up concrete wall panels
Insulated roof (R-Value of 12.1)

ROOF

45mil white TPO roof
External gutters and down spouts

FIRE PROTECTION

ESFR fire suppression system with fire pump

WATER & SEWER

Sanitary sewer lines	30' from the inside face of the front of the building
Domestic water line	Installed overhead 30' from the inside face of the front of the building

ELECTRICAL, LIGHTING, HEATING

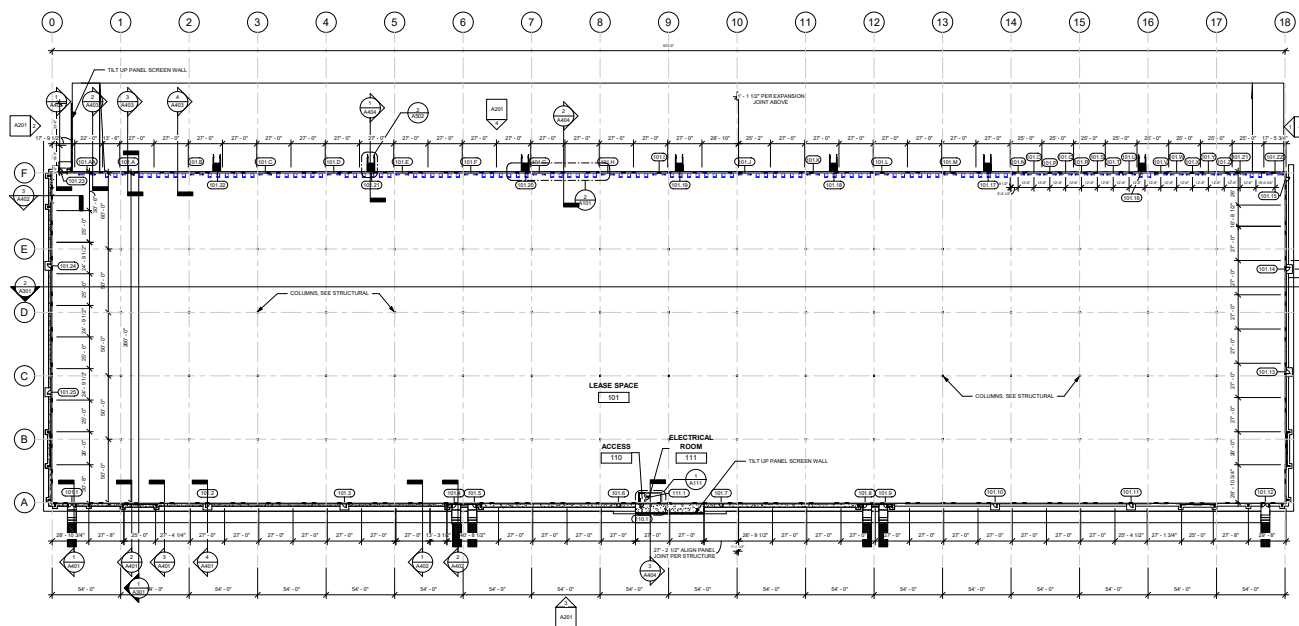

Electrical	2,000 amp service, 480/277v 3-phase
Lighting	LED motion-controlled high-bay lights 25-foot candle without tenant racking
Ventilation	1 air change per hour
Heating	Unit heaters for freeze protection

"Without a doubt, this partnership will capitalize on the expansive, underdeveloped land in and around the Columbia Metropolitan Airport. With the experience and industry knowhow that both Magnus Development Partners and Colliers International bring to the table, the economic possibilities and regional benefits are endless."
